ROYAL BLOOD SPILLED IN THE FIGHTING TODAY

A Prince of the House of Hohenzollern Fell in Battle Today—Disaster Seems to Beset the Kaiser and His Friends and They Are Losing at all Points—The Bulgarian Lines Are Badly Broken in Some Places They Have Retired a Distance of Twelve Miles—The Serbians won Brilliant Victory From Bulgarians Taking 25 Cannon and Many Prisoners—The British Have Made Important Advances on French Front.

Berlin, Sept. 15.—Prince Frederick William of Hesse was killed today at Cara Orman, on the Balkan front, it was officially announced.

War Summary.

London, Sept. 15.—The Entente Allies won a series of successes on the Macedonian front, Paris announces.

The French, British and Serbian forces operating at different points have broken through the Bulgarian defenses.

The French captured positions a half mile deep over a front of one mile.

The Serbians scored a brilliant victory after a battle of several days west of Lake Ostrovo, capturing 25 cannon and a large number of prisoners.

The British were victorious west of Vardar, near the center of the entente front, where the Bulgarians have retired a distance of twelve miles.

On the Somme front the French last night captured a series of German trenches and advanced as far as Ran-court, the French war office announced, and adds that the German attacks were repulsed at Verdun.

The British assumed the offensive on the Somme, charged over a sector six miles long and advanced two to three thousand yards.

The renewal of heavy fighting in Mesopotamia has been reported in the delayed official statement issued at Constantinople September 9, which says the British are said to have lost two thousand men in one engagement.

The British, in their offensive along the Somme, have broken through the German third line defense and captured Fleers, two miles north of Ginchy, according to reports to Reuters.

The Austrians suffered another sanguinary defeat west of Kapul mountain, in the Carpathians, says a wireless dispatch from Rome.

UNIVERSITY CLUB IN NEW QUARTERS

University Club of Dallas Will Hold Big Smoker Tonight to Dedicate New Quarters.

(By Associated Press.)
Dallas, Texas, Sept. 15.—The work of remodeling the Lang building, just east of the Municipal building, having been completed, the building has been occupied by the University Club. A smoker will be held tonight under the leadership of James E. Forrest for the entertainment of the members. The renovated building is admirably adapted for club quarters. On the first floor are living rooms. Later a cafe will be added. The cooking will be done in the basement and food brought to the first floor by means of a dumb waiter. On the second floor is the library, the directors' room, the secretary's office and the guest rooms. The building has been neatly furnished with craftsman furniture.

PROMINENT TEXAS MASON IS DEAD

Died at Springfield, Ill., While Visiting Parents After Attending Shriners' Convention.

(By Associated Press.)
Springfield, Ill., Sept. 15.—Edwin H. Neu of Fort Worth, Texas, prominent in Masonic circles and a member of the Mosiah Patrol band, died last night. He was visiting his parents here after attending the Shriners' convention at Buffalo.

Harness to suspend a basket from a fruit picker's shoulders and leave both hands free has been invented.

When a baking dish becomes burnt, wipe it off with a damp cloth dipped in salt.

OPERA SEASON IS NEAR AT HAND

Colonial Theater Being Renovated. Management Announces Good Bookings Being Secured.

The management of the Colonial Theater announced this morning that they are now renovating the opera house building and getting same in shape for the opening of the season, which will be soon after the first of the coming month, the date not yet having been definitely set.

In speaking of the prospects for the coming season Manager O. S. Johnson said this morning they were making every effort to secure all the good attractions that would come to Texas the coming season, and that up to the present time had been very successful and that practically all the first class attractions coming South this season had been booked for Bryan.

"For the past few years," said Mr. Johnson, "there have been very few good attractions in Texas on account of the crop conditions and the scarcity of money, but this season the managers for a large number of big shows have made inspection trips south and have found everything in a flattering condition and they are coming. We are not prepared yet to give out the names of our bookings, but we will have plenty of first class shows here."

The management of this theater will spare no efforts to secure good attractions and the theatergoers of Bryan can look forward to a good list of attractions.

"Of course, you try to remember your promises," "Yes," replied Senator Sorghum. "I try to keep track of them pretty closely in order to avoid promising the same thing to people who are liable to compare notes."—Washington Star.

If you prick your finger badly while hemming, try protecting it with a bit of adhesive plaster.

MRS. HOWE IS RAPIDLY SINKING

Sister of President Reported Sinking Rapidly—President Hurries to Her Bedside.

(By Associated Press.)
Long Branch, N. J., Sept. 15.—President Wilson received the news this afternoon that his sister, Mrs. Howe, who is critically ill at her home in New London, Conn., was rapidly sinking and the President has made preparations to hurry to her bedside.

PEACE MAKERS WORK SLOWLY

American - Mexican Commission Goes to New York to Celebration of Mexican Independence.

(By Associated Press.)
New London, Conn., Sept. 15.—The joint Mexican-American commission held a brief session today and are planning to leave later for New York to celebrate Mexican Independence Day, commemorating the overthrow of Spanish rule in Mexico.

PACIFIC COAST STEAMER BURNED

Raced to Port While on Fire and All Passengers Were Saved—Cause of Fire is a Mystery.

(By Associated Press.)
Marshfield, Ore., Sept. 15.—The cause of the fire which consumed all but the hull of the Pacific coast steamship Congress last night, remains a mystery and probably will not ever be definitely known. The vessel anchored at the entrance to Coos Bay after a race for port, during which all her passengers and crew were safely transferred to rescue boats. The vessel and cargo were valued at two million dollars.

FRESHMAN COACH OF A. AND M. ARRIVES

D. X. Bible, the new Freshman Coach in the Athletic Department of the A. and M. College arrived in the city this afternoon from his home in Tennessee. Mr. Bible is an all-round athletic man and comes with the highest recommendations. He has been coach the past three seasons of the Mississippi College at Clinton, Mississippi and has made an enviable record for this school. Athletic director Kyle feels that this man at the head of the Freshman class will prove a great asset to the College.

A Frenchman has mounted a bicycle frame on a sled to drive it over ice or snow with an aerial propeller.

Transoms can be raised and lowered like a window shade with a device an Oregon inventor has patented.

Just A FEW WORDS

about ourselves and our merchandise. Don't think our interest ends with the sale. You'll do us a favor if you have any fault to find with our GROCERIES.

We calculate on your continued satisfaction with our service more than the profit on any single transaction. So tell us if anything happens to interfere with that plan.

WILL ATTEND STATE FOOTBALL MEET

Athletic Heads of Local Schools Will Attend Meeting of Southwestern Association at Dallas.

W. L. Driver, athletic director for the Agricultural and Mechanical College of Texas, and C. B. Hudson, athletic director for the Allen Academy, left this afternoon for Dallas, where they will on tomorrow attend the Southwestern meeting of the Board of Foot Ball Coaches and Directors.

This meeting is held with the view of getting better regulations regarding the officials for games that will be played the coming season. It is the plan of this organization to perfect arrangements whereby a systematic plan can be used in securing officials for games played in the association. This matter has been an obstacle for long years and the purpose of this meeting is to get the association harmoniously organized with a system of foot ball officials that will be acceptable to all members of the intercollegiate association.

It is expected that every member of the association will have a representative present and that the plans will be made without any conflict.

Enamelware can be cleaned with soap and whitening rubbed on with a damp cloth.

Soak new lampwicks in vinegar and dry them before putting in the lamps.

MADE GREAT BIG ASS OF HIMSELF

(By Associated Press.)
Omaha, Neb., Sept. 15.—"From my observation and conversation with many officers and others on the border, I am convinced most of the trouble originated this side of the border," Rev. John P. Poucher, captain and adjutant of the Fourth Nebraska Infantry, home on furlough, said. "The trouble was mostly over wages and treatment of Mexican laborers by land owners on the American side. This land formerly was Mexican territory and the Mexicans, who had been forced off, resent the treatment, which they say is little better than slavery, and when they revolt are shot down."

Poucher is pastor of the Trinity Methodist church and prominent in church circles.

LITTLE PROGRESS IN SETTLEMENT OF N. Y. STRIKE.

(By Associated Press.)
New York, Sept. 15.—Little progress has been made towards the settlement of the local traction strike. Plans have been discussed by the leaders for the sympathetic walkout of 3,000 men unless the deadlock is broken. Although the unions have abandoned hope for settlement, the belief is strong in official circles that some action will soon be taken to stop the strike.

CLUB RATE ON VICTROLAS
